Hanoi Reports Plans For Joint Leadership

TOKYO (AP) — North Vietnam announced today a collective leadership will lead the nation as foreign dignitaries in Hanoi paid their last respects to President Ho Chi Minh.

Hanoi radio said the leadership of officials and fighters, none of them named, had "been selected and well trained by our beloved President Ho Chi Minh," who died Wednesday of a heart attack.

Battle For Freedom
Quoting the official Communist party newspaper Nhan Dan, the broadcast said the leader-

ship "will continue the battle for freedom and independence of all our people and all our nation until the last American aggressor is driven from our land, the South is completely liberated, and our fatherland united once again."

The commentary was a declaration of future leadership policy and appeared to rule out, at least for now, any struggle for power in Hanoi.

4 Strong Willed Men
The collective leadership certainly includes four strong-willed men in Hanoi—Le Duan, first secretary of the Communist party; Premier Pham Van Duong; Truong Chinh, chairman of the National Assembly and leading theoretician, and Gen. Vo Nguyen Giap, defense

minister and the North's military strategist.
The Viet Cong called on the people of South Vietnam to hold memorial services in government offices, temples and pagodas.

Lone Survivor Of Plane Crash Given Welcome

WAUKESHA, Wis. (AP) — A bunk bed in a rural home is being prepared for Milton Norman Seifert III, the 5-year-old lone survivor of a plane crash that claimed the lives of his parents and his brother.

The boy's uncle, Robert B. Chatterton, a Waukesha County Deputy Sheriff who helped investigate the crash, said he and his wife will take steps to adopt the boy, whom they said the family had nicknamed "Normie."

Norman had been trapped for seven hours in the wreckage of a light plane in which his parents, Mr. and Mrs. Milton N. Seifert Jr. of Oscoda and their other son, Robert, 3, died early Friday.

"We landed right in the cornfield," the boy told nurses in a Waukesha hospital, where he was reported in good condition. "We're never going to do that again."

Chatterton said the boy was being given medicine, and "talked a bit goofy. But he's a real trouper. He'll be okay."

The Chattertons, parents of a daughter and son aged 5 and 7, live in Mukwonago near Phantom Lake.

"Normie will fit in fine with our family," Chatterton said. "We have bunk beds the boys can use."

Seifert, on what officials said was his first long flight as a pilot, had radioed late Thursday his plane was low on fuel after racing ahead of a thunderstorm on a trip from Michigan to visit the Chattertons.

Airport officials lost contact with the plane, and the wreckage wasn't located until after dawn Friday.

Black Separatist Leader Returning

DETROIT (AP) — Officers of the black separatist Republic of New Africa have announced the impending return of their president, Robert Williams, who was expected to end eight years of exile by returning to the United States at Detroit shortly after noon today.

Williams was expected to be arrested by the FBI immediately upon his scheduled arrival from London at 12:35 p.m. at Detroit Metropolitan Airport. A federal fugitive warrant awaited the black militant leader who left the country in 1961 to avoid charges of kidnapping a white couple in Monroe, N.C., during a racial disturbance.

Officers of his movement announced his return earlier, but then said the arrival would be delayed until today due to problems met in acquiring airline tickets.

Since fleeing the U.S. Williams has lived in Cuba, China, North Vietnam and Tanzania, East Africa.

Lawyers Ask Coed Murder Evidence KO

ANN ARBOR (AP)—Defense attorneys for John Norman Collins, held in one of seven unsolved coed murders, asked Friday that "seized materials from the incinerator" of Collins' rooming house and all other evidence be suppressed.

It was the first public disclosure that any incinerator evidence had been found and came at a brief arraignment before Circuit Judge John W. Conlin. The defense claimed the evidence—the nature of which was not disclosed—had been obtained on a faulty search warrant.

Collins stood mute at arraignment and was returned to jail without bond to await a pre-trial hearing Sept. 17, at which time Judge Conlin said he would rule on defense motions and set ground rules for a trial.

Defense attorney Richard Ryan also asked the court to permit him to enter the house of Collins' uncle, in the basement of which the 22-year-old Eastern Michigan University student is alleged to have strangled Karen Sue Beineman, 18.

In addition, Ryan asked the court to order the prosecutor to disclose "all items of physical evidence taken from the defendant, the deceased, witnesses, the scene of the alleged offense, the automobile of the defendant, and the home of the defendant's mother."

Ryan told newsmen after the arraignment he would decide later whether to move for a change of venue because of publicity attending the murders and Collins' arrest. He had indicated earlier such a move might come Friday.

Collins is accused of strangling Miss Beineman, a freshman at Eastern Michigan in nearby Ypsilanti and dumping her nude body in a ravine along a side road in the outskirts of Ann Arbor last July.

British Units Pass Barricade

BELFAST, Northern Ireland (AP) — British troops breached the barricades of Roman Catholic-controlled "Free Belfast" for the first time today in a major show of force designed to bring the city back under control.

Infantrymen with automatic weapons moved inside the barricades at the southern end of Albert Road, which forms the spine across the Falls Road Catholic stronghold.

They told a crowd who tried to repel them: "It's tear gas first and then we fire."

At the north end of the road they met a jeering crowd of the Catholic vigilantes who have held the area for the past three weeks.

The troops brought up bulldozers and trucksloads of reserves. But as yet they made no effort there to go behind the barricades.

After a two-hour confrontation, the military came to an agreement with the leaders of the street's "defense committee" that the barricades would be removed and the army would guarantee the street protection.

15 Prisoners Ransom For American Envoy

14 Men, Woman Form Group To Be Released

RIO DE JANEIRO (AP) — With the deadline set by the kidnapers only a few hours away, Brazil's military leaders met today to discuss how they will free political prisoners in exchange for release of U.S. Ambassador C. Burke Elbrick.

The army, navy and air force ministers met at Laranjeiras Palace, the presidential residence, to go over details of the release of 14 men and one woman.

The government announced Friday that it would meet the terrorists, demands that 15 political prisoners be freed in exchange for release of Elbrick. It said they would be flown to Mexico.

The kidnapers gave authorities from the time of acceptance to "have them placed in a safe country."

Foreign Minister Jose de Magalhães is expected to go on radio and television after the meeting to announce details of the release of 14 men and one woman.

Broadcast Postponed
The broadcast had been set for Friday night but was postponed at the last minute. There was no explanation, but informants said some officers were annoyed at the junta's quick acceptance of demands by terrorists who kidnaped Elbrick Thursday.

Mexico and Chile have agreed to accept the prisoners and the Brazilian government has agreed to fly them out of the country. Two aircraft are standing by at Rio's Galeao International Airport.

Abductors Identified
Elbrick's abductors, who identified themselves as members of two guerrilla organizations called the National Liberation Action and MR-8, made their demands in three notes to government of Brazil. They said they would "execute" Elbrick by Saturday afternoon if their demands were not met.

The first note, left in Elbrick's limousine by three gunmen who forced him out of it and drove him away in another car, demanded the release of 15 unnamed political prisoners and publication and broadcast of an antigovernment manifesto in Brazilian newspapers and on the radio.

Manifesto Published
The manifesto was published in newspapers Friday and broadcast intermittently on radio throughout the day.

The second note, found in a Rio church, demanded that the government agree by Friday afternoon to release the prisoners. The government replied that if the kidnapers would give the names of the prisoners they wanted freed, arrangements would be made to fly them to Mexico.

Prisoners Names Listed
The third note provided a list of the prisoners' names. It was left in a supermarket suggestion box and an anonymous call to a newspaper told where the market was located.

U.S. AMBASSADOR To Brazil Charles B. Elbrick and his wife, Elvira, were photographed with their pet dog, Tony, in Rio De Janeiro Thursday a few minutes before he was kidnapped by four gunmen. Military leaders offered 15 prisoners in exchange for his release. (AP Wirephoto)

Supreme Court Blamed For Segregated Schools

WASHINGTON (AP) — Justice Hugo L. Black says the Supreme Court itself is largely to blame for all-white and all-Negro schools in many places in the country—15 years after racially separate schools were outlawed by the court.

In a ruling Friday reluctantly permitting delay of desegregation in 14 Mississippi school districts, Black said the court created its own problems in 1955 by using the phrase "with all deliberate speed" in calling on school systems to desegregate.

"All deliberate speed," said Black, "has turned out to be only a soft euphemism for delay." He added: "I would do away with that phrase completely."

Raps Plan
The NAACP Legal Defense and Educational Fund has asked the justice to upset an Aug. 28 order of the U.S. Circuit Court in New Orleans postponing desegregation from the start of the current school year until Dec. 1 at the earliest.

Black said he could not do this even though he personally is convinced "there is no longer the slightest excuse, reason or justification for further postponement of the time when every public school system in the United States will be a unitary one, receiving and teaching students without discrimination on the basis of their race or color."

Court In Recess
The Supreme Court is in recess and Black said that before an individual justice could take the action requested by the fund he must consider past decisions and other indications of what

the full court might do were it sitting in judgment.

In this regard, Black cited a May 1968 decision upsetting freedom-of-choice attendance plans in Virginia, Tennessee and Arkansas but seemingly giving approval for a transition period to desegregate schools.

Also, Black said he could find no evidence to undercut the Nixon administration's position that complete and orderly implementation of Department of Health, Education and Welfare desegregation plans could not

be carried out at the start of the current school year.

First Court Backing
This was the first time the federal government had supported in the Supreme Court a desegregation delay since the 1954 decision outlawing racially separate schools.

Jack Greenberg, director-counsel of the fund, said in New York an appeal would be made for the full court to consider when it returns from its 3½-month summer recess in October.

Democrats Critical Of GOP Tax Proposal

WASHINGTON (AP) — Nixon administration tax bill proposals have run into a hefty burst of criticism from Democratic senators who say the suggested changes would add to the burden of the individual taxpayer.

The administration recommendations on the House passed bill "could well have been revised in a big business boardroom," says Sen. Ralph Yarborough, D-Tex.

Presentation Ends
Treasury Secretary David M. Kennedy concluded the administration's two-day presentation to the Senate Finance Committee Friday. He contended the House version overemphasizes tax reduction for individuals and slighted the needs of business for production and capital investment funds.

"I am not persuaded by your argument," Sen. J. William Fulbright, D-Ark., told the secretary. "It seems to me there is much to be said for the view of the House that we ought to try to narrow the gap between the very wealthy and the poor."

Sen. Thomas J. McIntyre, D-N.H., said the administration's proposals "reflect large concessions to corporations, to Wall Street, and to the rich, at the expense of the average taxpayer whose reform was supposed to help."

Sen. Herman E. Talmadge, D-Ga., announced he would try to defeat an administration recommendation to knock out the deduction for state gasoline taxes.

Deductions Studied
Sen. Russell B. Long, D-La., the committee chairman said he would try to retain the House bill provision which would raise the standard deduction from the present 10 per cent of taxable income with a \$1,000 ceiling up to 15 per cent and \$2,000. This would permit another 11.8 million taxpayers to quit itemizing their deductions.

The administration proposal is for 12 per cent and \$1,400. Under this, an additional 4 million taxpayers no longer would have to itemize.

Spiritualists Say Rev. Pike Resting In Judean Cave
JERUSALEM (AP) — Volunteer Israeli army trackers, police and Arab nomads pressed the search today for Dr. James Pike.

Spiritualists in different parts of the world envisioned the former Episcopal bishop lying in a cave somewhere in the Judean wilderness where he disappeared five days ago.

Pike's wife, Diane, 31, described the search as a "race against death" and added: "They simply must find him today, or I'm afraid it will be too late."

Desert experts said a man of Pike's age, 56, could survive about three days without food and water in the region.

Spiritualists more than 5,000 miles apart have come up with the same vision that Pike still is alive, but in a coma and near death. They say he is in a cave whose entrance is obscured by a bush.

Neil Armstrong Returns Home

WAPAKONETA, Ohio (AP) — Neil A. Armstrong, home today for his first visit since his trip to the moon, was given a hero's welcome by relatives and boyhood friends.

The astronaut arrived by plane Friday night at nearby Lima airport where he was greeted by a crowd of 1,200.

Today he had a full schedule, including a 2½-mile long parade, public reception at the Auglaize County Fairgrounds and luncheon with friends and visiting dignitaries.

Comedian Bob Hope and Republican Gov. James A. Rhodes headed the cast of guests and thousands of spectators who jammed this northwest Ohio community of 7,500 to formally welcome Armstrong.

The civilian commander of Apollo 11 seemed to enjoy every minute of it, even though he had little time for private visits with his parents, Mr. and Mrs. Stephen K. Armstrong, and other relatives.

However, he spent the night in his parents' home.

The smiling, boyish-looking Armstrong stepped off the plane with his wife, Janet, who was his college sweetheart at Purdue University, and their sons,

Underground Test Postponed Again

GRAND VALLEY, Colo. (AP) — Unfavorable weather conditions have forced another postponement of Project Rulison, a 40-kiloton nuclear explosion designed to shake natural gas from tight sandstone formations deep beneath Battlement Mesa in western Colorado.

Project managers said they would have another weather briefing Sunday, which would preclude detonation until Monday at the earliest.

Folksinger Dies

NEW YORK (AP) Folksinger Josh White, whose sophisticated renditions of rural blues found favor in urban cabarets, died Friday while undergoing heart surgery. He was 61.

White was one of the first folksingers to appear in nightclubs. His repertoire ranged from blues to ballads, work songs to spirituals—all delivered in a smooth baritone voice.

His best-known songs included "One Meatball," "The Ballad of John Henry," "Jim Crow Train," "Strange Fruit" and "Hard Time Blues."

Dignitaries Paying Last Respects To Ho

TOKYO (AP) — Foreign dignitaries and North Vietnamese government officials began paying their last respects to Ho Chi Minh in Hanoi today, and the Viet Cong called on the people of South Vietnam to hold memorial services in government offices, temples and pagodas.

Hanoi's Vietnam News Agency said the Viet Cong was sending a delegation to attend Ho's state funeral Wednesday. The body of the North Vietnamese president will lie in state until Tuesday.

A four-man Chinese Communist delegation headed by Premier Chou En-lai returned to

Peking Thursday evening after a visit that lasted only a day.

Hanoi did not say why the Chinese were not staying for the funeral, but it seemed likely that they wanted to avoid meeting the Soviet delegation headed by Premier Alexei N. Kosygin, which arrives later today.

Messages of condolence poured into Hanoi from North Vietnam's Communist allies today, most of them expressing solidarity with Hanoi in the Vietnam war and denouncing the United States.

Hanoi said the Viet Cong had formed a 26-man committee to organize mourning ceremonies in the South.

North Vietnam's party newspaper, Nhan Dan, said today the country will be ruled by a "collective leadership" in the wake of Ho's death but did not name its members.

The paper said the group had been "selected and well trained" by Ho to "continue the battle for freedom and independence of all our people and all our nation."

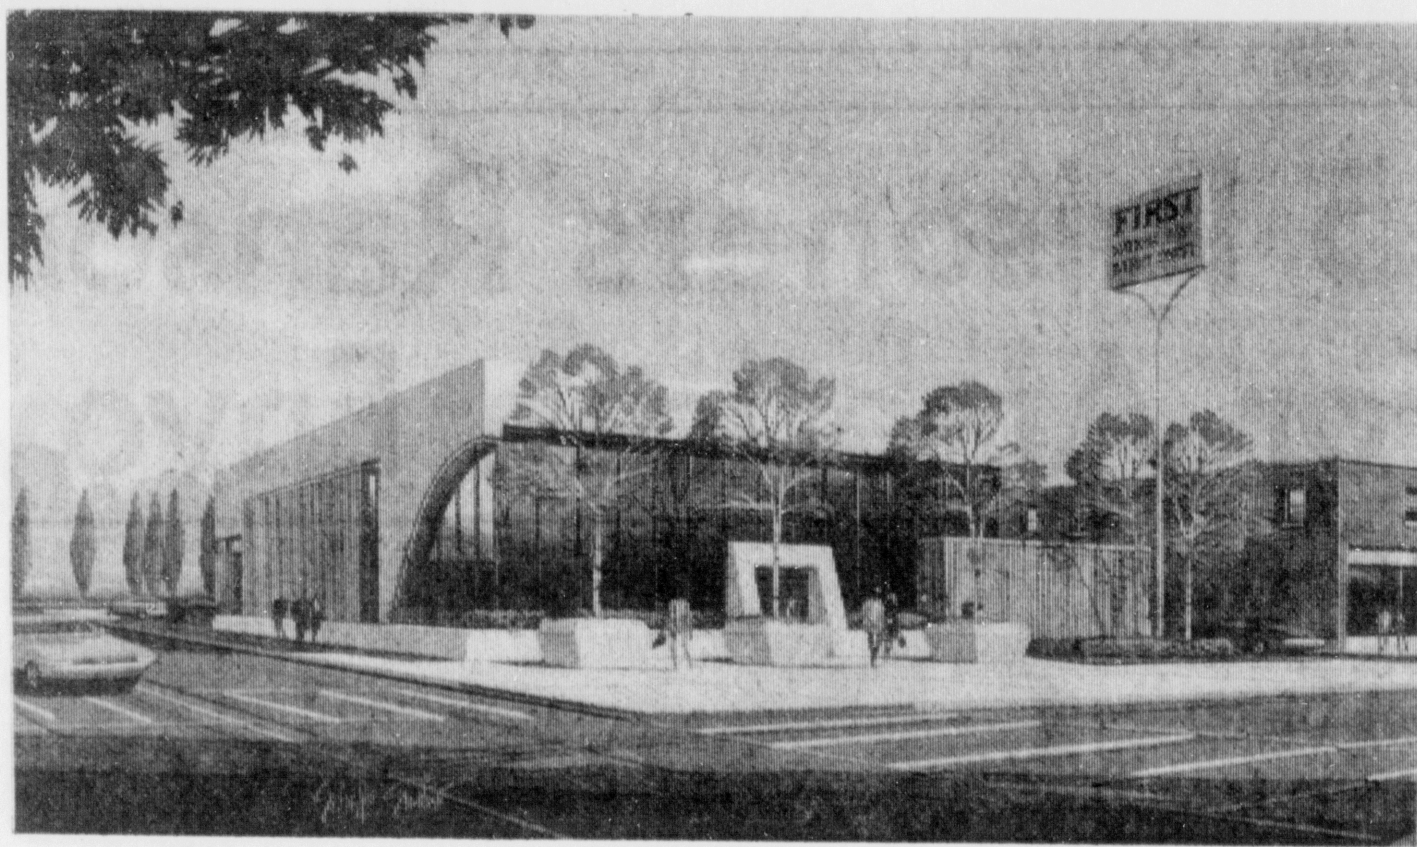

The statement was broadcast by North Vietnam's official news agency and monitored in Hong Kong.

First National Breaks Ground For New Bank Building

ARCHED ENTRANCEWAY AND PLAZA of the new First National Bank and Trust Co. building for which ground was broken Friday has a dramatic backdrop of window walls. Olsen & Flath, Escanaba, are the general contractors and the

structure is scheduled to be completed in the fall of 1970. Wood beams, wood paneling and stripping are features of the plan for the main banking room. The building is designed by Dykins-Handford, Inc., architects, Minneapolis.

Plan Opening For Next Fall

The final stage in the three phase building program for the First National Bank and Trust Company at Escanaba is under way after a ground breaking ceremony Friday for the new main banking building at 1205 Ludington St. This location is several blocks west of the present bank address.

According to John Greene, president, the Escanaba bank is the second largest in the Upper Peninsula, based on the June 1968 statement showing total footings of \$24.6 million. Ranking first is the First National Bank and Trust Co. of Marquette. Both banks are controlled by S. M. Cohodas, president of the Miner's First National Bank in Ishpeming.

General contractor for the Escanaba project is Olsen and Flath, Builders, of Escanaba.

Completed Next Fall

The new bank building, designed by Dykins - Handford, Inc., architects of Minneapolis, is expected to be completed in the fall of 1970. It will have 17,100 square feet and has been planned so that future mezzanine and second floor may be added without altering the basic structure.

Large 16 foot bronze tint window walls along the front Ludington St. side will be a dramatic backdrop for the arched front entranceway and plaza which is set back from the public sidewalk. Shrubbery, trees and a patterned walk of exposed aggregate on plaza will enhance the building. The plaza itself will be used from time to time for outdoor displays.

The decorative walkway and east masonry planter at the base of the building, will continue from the front and side to the rear of the bank in an unbroken line, a key detail in the total design concept.

Contrasting with the exterior glass and smooth surface finish, will be the massive fluted masonry wall on the 12th St. side, punctuated with long slit windows of reflective glass. In keeping with recent federal security regulations, a large picture window of clear glass will be placed for an unobstructed view of the cash vault door.

Wood Panels, Beams

Parking for 20 cars will be provided at the rear of the building, with additional parking directly across 12th St. when the First National Bank Trust Company temporary branch unit now operating there is removed.

Among the services offered to customers, Greene said, will be auto banking—one manned and two visual remote tellers. The units, accommodating cars in three lanes, with access from Ludington, will be protected by a decorative canopy with wide overhang.

The main banking room, with wood plank ceiling intersected by exposed wood beams, complementing the wood paneling and stripping on the walls, will provide an unusually spacious "open" atmosphere. The plank-wood beam ceiling will also be used in the two private offices.

Wood ornament will accent the main floor decor, and here, as throughout the building, materials native to the Escanaba region will be used whenever possible. Carpeting will be placed on the floors and also for the wall base and wall finish in some areas.

Investors' Corner

Check desks, both stand-up and sit-down and several customer waiting alcoves will be located in the main banking room lobby. There will be a section for the cashier, a cash vault, eight tellers units with expansion space for two additional tellers, two private offices, a conference room, two closing rooms, a file vault, spaces for the loans officers and loan interview booths and a supply room. A public staircase near the front entrance to the lower level customer lobby, is the anticipated location for an elevator to a future upper floor.

The customer lobby will have an investors' corner, containing current material of interest to the investor, a service window to the bookkeeping room and the safety deposit area with customer booths and vault for 1,500 safety deposit boxes.

Other rooms on this level, are a Board of Directors' room, mechanical equipment rooms, men's and women's toilets, women's lounge, employee lock-

Lawmakers Find Patience Running Out On Viet War

WASHINGTON (AP) — Congressmen back from pulse-taking visits home say the nation is in a generally quiet mood but with disturbing signs that its patience is running thin on Vietnam.

Although the issue of school desegregation inflames the South and no one is happy with high prices, taxes and interest rates, it is the continuing war that produces the most complaints, they report.

Conflict Drags On

So far the war still is associated with the previous Democratic administrations but both Democrats and Republicans say if the conflict drags on much longer it will exert the same deadly effect on President Nixon as it did on Lyndon B. Johnson.

"The war is the only real issue," said Rep. William H. Ayres, R-Ohio, one of a group of congressmen sounded out Wednesday on the views of their

constituents as Congress returned from a three-week vacation.

"People hear about troop withdrawals and peace talks," Ayres said, "but then they read the casualty lists and see their sons and grandsons being sent over there and they don't know what to make of it."

Similar View

Ayres comes from urban Ohio but a similar view was reported by Rep. William M. McCulloch, a Republican from tiny Piqua, Ohio.

"This is the heartland of America," he said. "We're a great patriotic people but in order to keep going we have to see some tiny light, no matter how far ahead. The people don't see any light and a tremendous pressure against the war is building up."

In Eastern Kentucky, Gulf Coast Florida, across the South and in the great urban areas, members found the same sentiments.

Plenty Of Unrest

"I've never heard such unrest over the war as now," said Rep. Sam Gibbons, D-Fla. "The people don't know where we're headed. They come up to you and say 'we've got to do something! Drop a bomb, anything, but get it over with!'"

"My people are the most patriotic in the country," said Rep. Carl D. Perkins, D-Ky., "but they just want to see us out of Vietnam. They never have understood why we were there. They don't have any alternatives, they just want us out."

Rep. Watkins M. Abbott, D-Va., said his constituents "are finding it hard to follow the logic of the way the war is being pursued, not accomplishing enough and getting our boys killed. They think we ought to win or get out."

Nixon Popular

Vietnam aside, the members found Nixon enjoying a generally high level of popularity, even among Democrats. Nixon's proposed welfare reforms apparently account for his high rating in Democratic districts but Rep. Marvin L. Esch, R-Mich., thinks he knows why the nation at

large seems to be satisfied with its new president.

"After years of having administrations adopting crash programs in an atmosphere of crisis," he said, "I think the people are glad to see an attempt at solving problems through an orderly process."

Atomic Plant Near Big Lakes Seen Feasible

EAST LANSING (AP)—Thermal pollution from nuclear electric power plants is not always detrimental to the aquatic environment, according to a Michigan State University researcher.

James Wooley, of the MSU Department of Resources Development, says the location of a nuclear plant usually will determine whether or not its discharge will be harmful to the environment.

A generator plant situated on one of the great lakes, where there is enough water to dilute the thermal discharge, should not cause harm, he said.

If the plant were located on a smaller lake, bay or river, ecological damage could be extensive, he added.

Wooley said warm water temperatures produced by thermal discharge into smaller bodies of water increase the production of undesirable algae. This can harm the spawning activity of valuable game fish, such as trout.

Automated Fish Hatchery Nears State Ownership

HONOR (AP) — Michigan's newest mechanized and automated fish hatchery, on the Platte River near Homer, officially will become state property on Sept. 16.

Department of Natural Resources officials will formally be given yes to the hatchery by the Omega Construction Co. of Grandville, contractors for the complex built at a cost of \$1.56 million.

The hatchery will be the first step for some 14 million trout and salmon eggs to be collected this fall. Some of the fish will be reared there. Others will be transferred to other hatcheries or other states.

Returning they visited Mrs. Nelson's sister, Sister Genevieve of the Immaculate Heart in Detroit, spent three days with her brother's family, the Dan McNeerneys and attended the Lower Michigan State Fair.

In Florida the Nelsons visited with Mr. and Mrs. Garis Fleetwood, former residents of Spalding.

Petitions Filed

BATTLE CREEK (AP) — A group called "Citizens for Charter Amendment Committee" filed petitions in Battle Creek Friday in what was described as the biggest petition drive in the city's history concerning municipal government. The petitions called for direct election of the mayor and vice mayor, a district system and the phaseout of the present city form of government by 1970.

Prohibition Party Set To Quit Trying

LIVONIA (AP)—The National Prohibition Party is considering giving up its 100-year-old quest for the White House.

Ninety five opponents of alcohol from 13 states attending 100th anniversary celebrations in this Detroit suburb voted this week to have the party's National Elections Committee study whether to enter the 1972 presidential race.

Report Due In June

Although the committee is not due to report until next June, the party's most recent presidential candidate, Earle Harold Munn, promptly declared that abandoning its quest for the White House would sound the party's "death knell."

Munn, a 65-year-old Hillsdale College professor, was the party's presidential candidate under its camel symbol in both 1964 and 1968.

But last year, Munn's candidacy polled only about 14,000 votes across the nation — the

party's worst showing since 1880.

Committees To Decide

The committee is to decide whether the party should bow out of future presidential campaigns or offer a presidential ticket in no more than six states.

Party officials did not designate the six states. However, they insisted Prohibitionist candidates will remain active at the local level.

Those attending the anniversary celebrations approved several resolutions. They protested against violence by minority groups, described sex education as the "primary responsibility" of parents and insisted such knowledge should be imparted at home, and urged President Nixon to apologize for his "public embracing of Communist regimes."

Alcohol Target

Mrs. Fred J. Toose of Evanston, Ill., 66-year-old national president of the Women's Christian Temperance Union, told the delegates a new era of prohibition is needed "to halt spiraling human and economic losses caused by alcohol."

Air Pollution Control:

County Board Asked To Adopt Ordinance

The Delta County Citizens Committee to Save Our Air has submitted to the Board of Supervisors of Delta County a proposed ordinance for the control and regulation of air pollution in the county.

A request has also been made that the Board of Supervisors hold a public hearing on the ordinance proposal at one of its regular meetings during the month of October.

The air pollution control ordinance, if adopted, would establish an air pollution control board of Delta County citizens having power to enforce federal and state clean air standards. The proposed ordinance would establish local procedures for obtaining reasonable and binding commitments for the abatement of air pollution problems. Should such commitments be refused or violated, abatement could be sought by court order.

Act As Liaison
The air pollution control board would also be authorized

to initiate complaints to appropriate federal and state agencies.

In addition to the above powers, the county air pollution control board would be authorized to act as liaison for the county to other governmental agencies, to participate in the approval or rejection of permit applications required under state or federal air pollution control laws and to prepare and develop a general plan for the control, abatement and prevention of air pollution in Delta County.

The proposed ordinance is a result of months of study, discussion and planning by the members of the Delta County Citizens Committee to Save Our Air who earlier this year announced its intention to pre-

pare and submit such an ordinance. Since that time the Committee has also engaged in an intensive effort to acquaint and advise the public concerning problems of air pollution.

Public Meeting

A public meeting is planned by the Committee on Sept. 15 at Marco's Starlite Room in Escanaba. The meeting is scheduled to commence at 7:30 p. m. with a brief film on air pollution.

Following the film, the ordinance proposal will be read and the audience will be invited to participate in a discussion of its provisions. All interested citizens are invited to attend.

The members of the Air Pollution Control Board called for in the proposed ordinance would be appointed by the County Board of Supervisors and would consist of:

One representative of industrial management, one representing industrial labor, one the medical profession, and four representatives of the public at large. The chairman of the Control Board would be selected by the chairman of the Board of Supervisors.

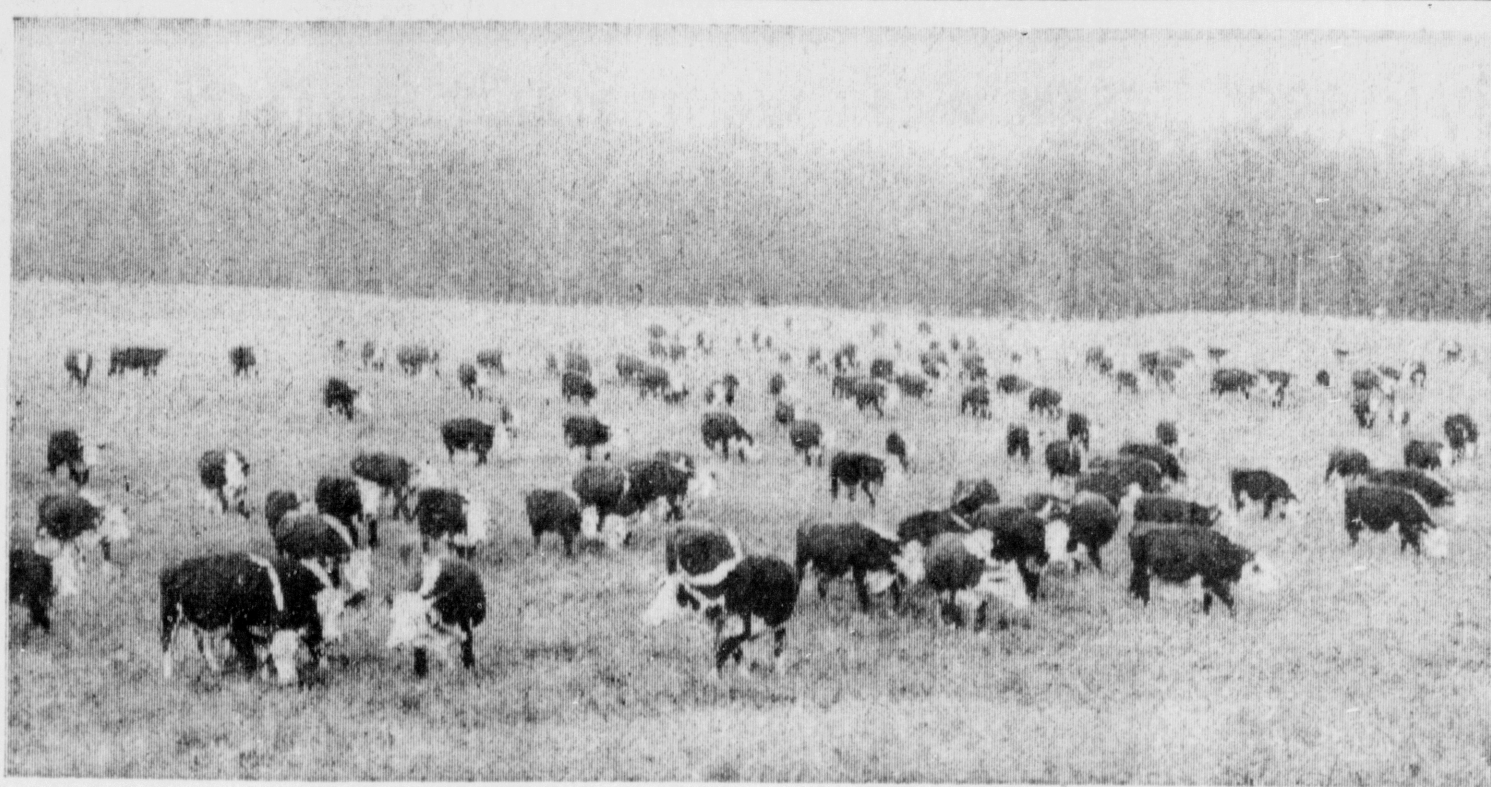

Each appointed member would serve for a term of two years and would receive no compensation.

Trap Season Is Closed In Delta

Trappers in the Upper Peninsula were reminded by the Michigan Department of Natural Resources that 12 townships in Alger and Delta counties are closed to all trapping in order to protect pine martens that were released in that area earlier in the year.

By order of the Natural Resources Commission, trapping will be prohibited for five years from last Aug. 1 in the following townships: T42N, R 19, 20, 21 and 22 W; T43N, R 19, 20, 21 and 22 W, and T44N, R 19, 20, 21 and 22 W.

Martens were released in that area by the U.S. Forest Service in hopes of re-establishing this furbearer in the Upper Peninsula. The martens were live-trapped in Ontario and flown here last winter and spring.

BIG HERD OF BEEF CATTLE — This picture does not show the entire herd of 400 head at the B & I ranch near Danforth, but it does give one some idea that there is quite

a heavy concentration of cattle on the premises. The beef cattle ranch is owned and operated by Isadore Guenette and William Loes. (Photo by Joseph Heirman)

UPCAP Favors Investment Tour And Lake Marina

L'ANSE — The quarterly meeting of UPCAP has endorsed the efforts of this community to obtain a site for an improved lake marina, which L'Anse community leaders feel could add much to the attractions of the area.

The ideal site is located on property of the Michigan Department of Natural Resources, and the DNR is reportedly reluctant to yield any of its lake shore property.

UPCAP was told by Johnson Clements of the local marina committee that the present small boat harbor is entirely inadequate. The site chosen for development is on the Baraga side of L'Anse Bay.

A speaker at the UPCAP session was Louis Rome, executive director, Michigan Commission on Law Enforcement. He discussed crime and crime control and said there is no quick, easy, or simple solution to the nation's crime problem.

W. H. Treloar, Marquette, general chairman of Invest Tour, a project to get midwest investment oriented visitors to the Upper Peninsula, described the progress made and the areas in which UPCAP could be most useful in furthering Invest Tour.

The program (which has had the cooperation of UPCAP) received official endorsement by the delegate body.

Beef Cattle At Crucial Stage

This is a very important time of the year for beef cattle producers, according to Delta County extension agent Joe Heirman. "Cattle producers should try as much as possible to keep their calves gaining weight before sending them to market in October," Heirman said.

"Almost all cattle is sold by the pound, so every pound counts," he added. Heirman said that ranchers who do not have adequate pas-

tures should feed oats to their calves from now till market time.

According to Heirman, another very important chore for beef producers is the selecting of young heifers for herd replacement. "Each year some of the older brood cows must be replaced," he said. The director said that herd improvement relied on the selection of the best young females for replacements. This is done before sending the calf crop off to market.

Heirman explained that ranchers have yet a third chore and that is to separate the calves from their mothers. "Separation is not easy. These calves have been running in the fields with their mothers all summer," he said. "The calves usually bawl for a couple of days after separation," he added.

He said that this bawling can sometimes tax the ranchers' patience, especially if the pastures are close to the home.

According to Heirman, after marketing season is over the number of beef cattle in the area is greatly reduced. "Most of the calves, and some yearlings, are put in feed lots in the corn belt which includes the southern part of the state and also Wisconsin south of Green Bay," he said.

Psychedelic Car Must Go: Army

FT. BRAGG, N.C. (AP) — The Army has given Spec. 5 Harold McCurry seven days to repaint his psychedelic car or get it off the post.

Three weeks ago McCurry, 22, of Marion, and a friend painted the car in swirls of nine colors, and plastered a decal of a flower on the back window.

McCurry says he even was told that the word "love," which is written on the doors, violated a regulation prohibiting advertising on motor vehicles registered on the post.

He has not decided what he will do.

Mrs. Thomas Better (Lee's Studio)

Mary Oberthur Bride Of Thomas H. Better

Mary Elizabeth Oberthur and Thomas Henry Better exchanged wedding vows Saturday, Aug. 16, during a ceremony performed at St. Bruno's Church in Nadeau.

The Rev. Ralph Sterbenz officiated at the nuptials at 3 p. m. Bouquets of pink and white gladioli adorned the church altar for the service. Soloist was Jill Nieminen of Flint.

The bride is the daughter of Mr. and Mrs. Henry Oberthur and parents of the bridegroom are Mr. and Mrs. Napoleon Better, Spalding. The bride was given in marriage by her father.

Maid of honor was Janice Sunila of Carney and bridesmaids were Jean Kalishek of Carney and Linda Johnson of Chicago. Flower girl was Debbie Better of Menominee Falls, Wis.

Silk Organza

The bride chose for her wedding a floor length gown of pure silk organza fashioned with a fitted bodice, trimmed with pink satin ribbon, mandarin collar and Bishop's sleeves. A detachable wattleau train formed the back detail of the gown.

A forward headpiece of

Venice lace daisies with sequin trim, held her elbow length silk illusion veil and she carried a cascade bouquet of white daisies with pink sweetheart roses. She also placed an arrangement of pink long stemmed roses on the altar of the Blessed Virgin.

Dotted Swiss

The bridal aides were attired in floor length dotted Swiss gowns styled with short sleeves and flowing back panels. The honor maid wore pale pink and carried a basket of pink and white daisies and the bridesmaids wore cherry colored gowns and carried baskets of pink daisies. They wore cluster daisy headpieces and fingertip veils to match their gowns. The flower girl also carried a basket of pink daisies.

Serving as best man for his brother was Gerald Better of Flint and groomsmen were Don Oberthur of Nadeau and Marshall Christiansen of Wilson. Performing ushering duties were John Oberthur of Gladstone and Paul Better of Bark River. Carrying the rings was Bruce Better.

Mothers' Attire

Mrs. Oberthur wore for her daughter's wedding a pale pink walking suit with matching accessories and was presented a corsage of pink roses and white carnations. The bridegroom's mother selected a blue lace sheath dress with matching accessories and she pinned a corsage of pink roses and white carnations. Mrs. John Oberthur, paternal grandmother of the bride, was presented a silver and white corsage.

Reception

The reception was held at the Powers Legion Hall. After a wedding trip to Lower Michigan and Wisconsin, the couple will reside in Mt. Pleasant.

The bride is a 1968 graduate of Carney High School and attended Bay de Noc Community College. Mr. Better is a 1968 graduate of Powers-Spalding High School and is presently a sophomore at Central Michigan University, Mt. Pleasant.

Phyllis Ritter Bride Of Glenn E. Lamberg

Phyllis Ann Ritter and Glenn Edward Lamberg, of Rte. 3, Rapid River exchanged wedding vows during a double ring ceremony performed Saturday, Aug. 30 at St. Andrew's Church in Nahma.

Officiating at the 2 p. m. nuptials was the Rev. Ephram Sitko. The bride is the daughter of Mr. and Mrs. Kenneth Ritter and parents of the bridegroom are Mr. and Mrs. Edward Lamberg Sr., both of Rte. 3 Rapid River.

Loita Lamberg, sister of the bridegroom, was the maid of honor and bridesmaids were Christine Olsen and Gloria Sundling. Serving as flower girl and ringbearer were Tamie and Scott Ritter, twin sister and brother of the bride.

Thomas Novak served as best man and groomsmen were Ron Moraska, Lon LaBumbard, Seating the guests were Herbert Pomeroy and Wayne Clement.

Nylon Organza

The bride chose for her wedding a floor length Empire gown fashioned with a scalloped neckline, long lace sleeves and a sheer nylon organza detachable train.

A bridal crown held her fingertip veil of illusion and she carried a bouquet of daisies, mums and carnations.

The bridal aides were attired in floor length Empire gowns of white eyelet over aqua taffeta with aqua pima-silk bow headpiece. They carried colonial bouquets of yellow and white daisies with aqua ribbon trim.

Reception

The wedding reception was held from 5 to 8 p. m. at the Nahma Clubhouse with a dance following. The bridegroom's parents hosted the rehearsal dinner for members of the bridal party on Friday evening.

For her daughter's wedding, Mrs. Ritter wore a yellow satin brocade dress with white

accessories and she was pre-dressed a pale green orchid corsage. Mrs. Lamberg chose a light turquoise two piece ensemble also with white accessories and she pinned a yellow carnation corsage.

Home in Houghton

After a honeymoon trip to Canada, the couple will reside at 1908 E. Woodmar Drive, Daniel Heights, Houghton, Mich.

The bride is a 1969 graduate of Big Bay de Noc High School and Mr. Lamberg is a 1967 graduate of Rapid River High School. He will be a junior in Forestry at Michigan Technological University this fall. He is affiliated with Alpha Phi Omega fraternity.

GLADSTONE

Kennedy Auto Under Scrutiny

BOSTON (AP) — The auto in which Miss Mary Jo Kopechne died on Chappaquiddick Island July 18 has been thoroughly tested by researchers retained by attorneys representing Sen. Edward M. Kennedy, the Boston Globe said Friday.

The primary purpose of the testing, the newspaper said, was to determine whether Miss Kopechne could have lived for any length of time after the accident.

The Globe made no mention of results.

Two of the researchers were identified as Dr. Richard Stone and Dr. John Teitzel, both physicists employed by the Arthur D. Little Co., a research firm based in Cambridge.

Stone refused to comment on the Globe report, and Gen. James A. Gavin, head of Arthur D. Little, said he would have nothing to say about the story either. Teitzel was not available.

The Globe said most of the tests were performed in the driveway of the state police barracks in Edgartown, on Martha's Vineyard. The Vineyard is adjacent to Chappaquiddick.

In addition, a scuba diver was retained to photograph the pond in which the car rested for nine hours before being discovered and the bridge from which it plunged into the pond, the Globe said.

The tests reportedly also were aimed at determining how fast Kennedy's car was traveling when it went off the bridge, how long it was before it filled with water and whether an air bubble might have formed at the rear seat of the overturned car.

Clean Water In City Plans

The Gladstone City Commission will receive preliminary plans for water pollution control at their regular monthly meeting Monday evening at 7:30 p.m. at the city hall.

Other items on the agenda include a report by engineers on the progress at the water filtration plant, a public hearing on special assessments, and opening bids for a police car.

The Commission will also consider permitting Northern Michigan Spiced Veneers Inc. to sub-lease space for field warehousing.

High Speed Chase Ends With Death

STURGIS (AP)—A high speed chase which began in Sturgis Friday ended in a smashup which killed one man and injured two others near LaGrange, Ind. The victim was identified as 20-year-old Alan Miller of LaGrange.

Sturgis police said they gave chase to the car driven by 18-year-old Charles Chase of Sturgis on M-66 in Sturgis. Officers said they pursued the car at speeds in excess of 100 miles an hour over the state line and into Indiana. Police said the car's lights went out and the vehicle swerved and crashed along the road. Chase is listed in poor condition at an Indiana hospital. A third man in the car, 23-year-old James Farrell of Sturgis, was treated and released following the crash.

New Miss America To Be Selected Tonight

ATLANTIC CITY, N.J. (AP) — Performing a Martini dance, Miss Ohio, Kathy Lynn Baumann, won her second triumph in preliminary competition for the Miss America Pageant as tonight's finale approached for its 50 beautiful contestants.

Wearing a gold skin-tight space suit, Kathy, who lives only 50 miles from Neil Armstrong's hometown in Ohio, performed an original interpretative dance and gave a monologue on the moon landing to win the talent division.

"I've never met Mr. Armstrong, but I would like to someday," the 19-year-old brunette said.

Armstrong, first man to set foot on the moon, receives an official welcoming in Wapakoneta today while Kathy, a resident of Independence, attempts to soar into fame and fortune as Miss America 1970.

Miss Michigan, Pamela Anne Eldred of Birmingham, dazzled the 7,900 spectators in Convention Hall with her 36-23-36 figure to win the swimsuit division.

"I was shocked," Pamela said. "I always feel that somebody else has a better figure than I do."

Miss Michigan, a 21-year-old Mercy College of Detroit senior, aspires for a theatrical career.

Miss Ohio, who won the swimsuit competition Wednesday, slipped on the launching pad Friday night.

As she made her final bow, she stepped into a small pool of water near the backdrop and fell down. But she got up graciously and bowed again.

The selection of the next Miss America to succeed Judith Anne Ford of Illinois is determined mainly on the performance in three nights of preliminary competition.

Meanwhile, the Women's Liberation Front, a loosely knit organization of militant feminist groups, plans to picket the pageant today.

The WLF, which tried to disrupt the pageant last year, contends the Miss America contest is degrading to women.

3 Governors To Meet On Island

Governor William G. Milliken will meet Sept. 14 and 15 on Mackinac Island with Governors Harold LeVander of Minnesota and Warren Knowles of Wisconsin.

The meeting will be another in a series they have held as members of the Upper Great Lakes Regional Commission. "We will discuss a number of ways to further stimulate the economic development of the area, which includes the Upper Peninsula and the northern Lower Peninsula," the Governor said.

Last month in Lansing, Governor Milliken met with Alfred E. France, Federal Co-Chair-

man of the Commission, on a wide range of matters including possible steps to more thoroughly utilize the St. Lawrence Seaway and to establish tax incentives for business enterprises in depressed areas of the Upper Great Lakes region.

Gang Topples 55 Tombstones

About 55 tombstones were broken off and floral devices and gave markers were damaged in Lakeview Cemetery in Escanaba last night, city police reported today.

A complaint on the damage, which officers said appeared to be the work of a group of young vandals, was received by the police this morning.

Police also received complaints of the breaking of five windows at the Franklin School building, the theft of a stereo tape player from an automobile, and the breaking of a window at Town & Country Motors.

Ford Recalling Medium Trucks

DETROIT (AP)—Ford Motor Co. said Thursday it is recalling 86,500 medium-size trucks for replacement of a brake adjustment device which could—under certain circumstances—fail, causing loss of braking effectiveness.

If the self-adjusting device on the front wheels is not replaced, it could possibly lead to complete brake failure, the firm said. Braking with heavy loads contributes to the problem, Ford said.

The trucks involved are those equipped with the 5,000-, 5,500- and 6,000-pound axles. Most of the trucks—73,400—were sold in the United States. In Canada, 4,400 were sold and 8,700 in overseas markets, Ford said.

Powers-Spalding Bloodmobile

The Badger Bloodmobile will be stationed at the Powers-Spalding High School from 3:30 to 6:30 p. m. on Tuesday, Sept. 9. Residents of Powers, Spalding, Hermansville, Wilson and Carney may donate blood at this time.

Donations of blood from persons 21 to 61 years of age will be accepted. Persons 18 to 21 years of age will require parental consent unless married or in the armed forces.

Persons in doubt about donating blood may come to the school and let the physician make the decision or contact Mrs. Raymond Fazer, chairman of the committee in charge.

Family Picnic
A family picnic was held at the William Nelson home in Powers on Labor Day. Present were: Mr. and Mrs. Eugene Stockero, Sr. of Hermansville; Mr. and Mrs. Eugene Stockero, Jr. and family of Port Washington, Wis.; Mr. and Mrs. James Nelson, Mr. and Mrs. Hans Nelson, Mr. and Mrs. Donald Shannon of Powers; Mr. and Mrs. Holger Nelson of Spalding and Mr. and Mrs. I. R. Nelson of Bark River.

Newspaper May Be 'In Pickle' Over Story

PAW PAW (AP) — Ferris Pierson, a member of the governor's commission on agricultural labor, has filed a \$150,000 libel suit against Knight Newspapers Inc. and State Sen. Roger Craig, D - Dearborn, contending he was libeled in a Detroit Free Press story Aug. 19.

The Hartford farmer contended that the newspaper's story quoting Craig as saying he posed as a migrant worker and lived on one of Pierson's farms while picking pickles was "libelous, untrue and false en toto."

Pierson claimed in his Van Buren County Circuit Court suit that the story caused him to become "in disrepute and contempt among his neighbors and

Romney Forsees Building Upswing

SANTA FE, N.M. (AP) — President Nixon's proposal to cut back on federal construction projects is designed to take the public housing industry out of depression, Housing Secretary George Romney said today.

Romney told a news conference reduced federal construction should reverse the current decline in housing construction. The former Michigan governor said there is a great shortage of building trades workers and a lack of funds for conventional mortgages with their high interest rates.

More Mortgage Funds
"By cutting back, more funds will be available for home mortgages," he said.

Ho's Departure Seen Forcing New Impact

By WILLIAM L. RYAN
In the long run, Ho Chi Minh's departure from the stage can have a decided impact on events in Vietnam and Southeast Asia.

Ho's passing can prove a strong blow to North Vietnamese and Liberation Front morale. Particularly in his later years, Ho was not the stereotyped figure of a Communist strong-man ruler, but rather a symbol, a father figure, a personality who cannot be replaced.

His Name Popular

It was in the name of "Uncle Ho" that appeals went from Hanoi to the North Vietnamese and the Viet Cong, exhorting them to pursue protracted war to the finish, even if it should take 20 years. It was in Ho's name that slogans were fashioned for the unification of Vietnam. It was Ho whose name a dozen years ago was considered so powerful that it, alone, was believed ca-

U.S. 2 was purchased to provide parking for approximately 1,000 cars.

Remodeling of the Terrace is now under way and will include expanding the present ballroom to include the installation of a carousel stage, and increased kitchen area. The Sky Room and Rathskeller will comprise the two new cocktail lounges. The patio will be enhanced by a series of multi-colored cascading fountains.

Plans have been submitted to the Army Corp of Engineers for a sizeable marina to accommodate small and large pleasure craft.

New construction is expected to get underway during the present month, with a completion date of May 1.

Total estimated cost of the entire project will be \$2.7 million.

Water Hearing Set

LANSING (AP) — The State Water Resources Commission will hold a public hearing Sept. 18 at East Lansing on a new law requiring the examination and certification of industrial waste treatment plant operators. The hearing will discuss proposed regulations for enforcement of the law, to become effective Jan. 1.

Spinach, a potherb, probably is the most admired and maligned of all food plants. One of the dictionary definitions of spinach is "something unwanted, insubstantial, or spurious."

Mack Speaks To Sportsmen

State Sen. Joseph S. Mack, D-Ironwood, will be the speaker at the annual dinner of the Northern Michigan Sportsmen's Association in Manistique on Sept. 21.

Originally scheduled to be held Sept. 13-14, the meeting has been postponed one week.

The two-day program will begin with an executive board meeting at 4 p.m. on Saturday, Sept. 20.

The public is invited to attend a general meeting Saturday at 7:30 p.m.

Sunday's program includes the general convention, beginning at 10 a.m., followed by the annual dinner at noon. Delegates from club affiliated with the NMSA will vote on resolutions on conservation matters during the general convention.

Paul V. Chailancin, Marquette, regional information officer for the Michigan Department of Natural Resources, will present the NMSA conservation education awards during the annual dinner meeting.

The general convention will reconvene at 1 p.m. Sunday and continue in session for most of the afternoon.

Roland Juchemich Jr., Neegaunee, is president of the NMSA.

Woman Injured As Car Rolls

Mrs. Florence Leonard, 40, Otter St., received treatment at the Schoolcraft Memorial Hospital for injuries received when her car rolled over Wednesday night on county road 442 in Thompson Township.

Mrs. Leonard told troopers of the Michigan State Police that she was blinded by the bright lights of a parked automobile which caused her to go off the roadway and lose control of her vehicle. Her auto sustained damage and was towed from the scene by wrecker. The mishap occurred at 11 p.m. near the Three Mile Supper Club on county road 442.

City Briefs

Mrs. Bruce Kennedy left this morning for Wichita Falls, Tex. to join her husband who is stationed at an air force base in that city. Mrs. Kennedy has been visiting her parents, Mr. and Mrs. Vincent Atherton, Rte. 1.

Mrs. Robert Nelson and two children arrived today from West Memphis, Ark. to visit her parents, Mr. and Mrs. Charles Redeker, Harrison Beach. Mr. and Mrs. B. J. Ollerthorpe and daughter Jean returned Friday to their home in Kennebec, Wash. after visiting her parents, the Redekers. Mrs. Ollerthorpe has been caring for her mother since her discharge from the Schoolcraft Memorial Hospital.

Emerald Eleven Suffers Defeat To Blue Devils

MANISTIQUE — After playing to a scoreless first half, the Sault Ste. Marie Blue Devils erupted for 18 points in the last two periods to score an 18-0 victory over the Manistique Emeralds in a Great Lakes Conference contest.

Soo took the opening kickoff of the second half and marched downfield to the three yard line, where Bruce Campbell fumbled and a Manistique defender fell on the ball. The Blue Devils then cracked the scoring barrier when Manistique halfback Kurt Prond was tackled in the end zone for a safety.

The Blue Devils scored again moments later after a drive in which quarterback Dennis Brooks picked up yardage scrambling and passed twice to Campbell, the second good for a seven-yard touchdown. Brooks also passed to Campbell for the two-point conversion and the Blue Devils took a 10-0 lead into the fourth quarter.

The Emeralds closed the gap soon after with a 64-yard touchdown drive in 12 plays. Keith Aldrich picked up two key first downs in the drive and Duane Sundin toted the ball to paydirt from a yard out for Manistique's only score of the game. A run for a two-

point conversion try failed. Soo added some insurance points later in the fourth quarter in an 80-yard drive in just four plays following the Manistique kickoff. Brooks found Wayne Fortin open on a 60-yard pass play and then found him open again after a short gain for an 18-yard touchdown strike. Brooks then passed to Jim Adkins the two points after touchdown.

A bright spot in the game for the Emeralds was the running of Aldrich, who picked up 84 yards in 21 carries. Quarterback Kendall Neeson picked up 61 yards in the air, as he completed 5 of 12 passing attempts.

Manistique returns to action next Saturday at Munising in another Great Lakes Conference clash. They are now 0-2 in season play.

The scoring summary:

Soo — Prond tackled in end zone for safety

Soo — Campbell 7-yd. pass from Brooks (Campbell pass from Brooks)

Mstq. — Sundin 1 yd. plunge (run failed)

Soo — Fortin 18-yd. pass from Brooks (Adkins pass from Brooks)

Cole Leading Golf Classic

WALLED LAKE, Mich. (AP) — The \$100,000 Michigan Golf Classic is turning out to be a slump-busters tournament and, with the help of a last minute change of mind, the current leader is making the most of it.

Bobby Cole, a handsome, young South African who has been on the U. S. pro tour two years, was the new tournament leader going into today's semi-final round. Cole fired a 68 Friday to go with his 67 Thursday for a 135 total, one stroke better than Kermit Zarley.

The field of 148 was cut for today's round to 73 golfers who shot 143 or better. First round co-leader Bob Menne of Andover, Mass., who has been on the tour since January, dropped to a 137 total with his 65-72. Tied with him in third were Jerry McGee, of Lake Worth, Fla., and Larry Hinson, of Valdosta, Ga.

Ten golfers were bunched at 138 including the other co-leader, Grier Jones of Wichita, Kan. The 23-year-old golfer, who plays out of Freeport, Grand Bahama Islands, was at 65-73-138. He has been on the tour just 11 months.

Among those at 138 were 1968 Masters winner Bob Goalby and Tom Shaw, winner of the Doral and Avco Opens this year.

Friday's best round was a 65 by Rolfe Deming of Menominee, Mich., to give him a 140. But the feat of the day was performed by 23-year-old John Schroeder, of La Jolla, Calif.

Schroeder, a former captain of the University of Michigan golf team, took an eight-iron and got a hole-in-one on the par three, 17th hole. He has been a pro for only four months. He had a 66 for the round and a 140 total.

Michigan State sophomore quarterback Steve Piro is the son of former Syracuse gridder and Iowa assistant coach Whitely Piro. Dad Piro and State head coach Duffy Daugherty were teammates at Syracuse.

Smith, Tigers Record Victory

POWERS — The Powers-Spaulding Tigers opened their season last night with a 24-0 shellacking of the Rock Little Giants in a Wolverine Conference clash.

Dick Smith proved to be the big man for the Tigers as he scored all four touchdowns and picked up 214 yards in 21 carries.

Smith's first two touchdowns came on five yard runs, his third on a three yard run and the fourth on a 50-yard punt return. Two passes and two runs for points after touchdown all failed.

Rock was unable to mount any kind of a scoring threat in the game as the Tiger defense was really up and foiled any attempt at a touchdown drive. The Tiger offense piled up 381 total yards in the contest.

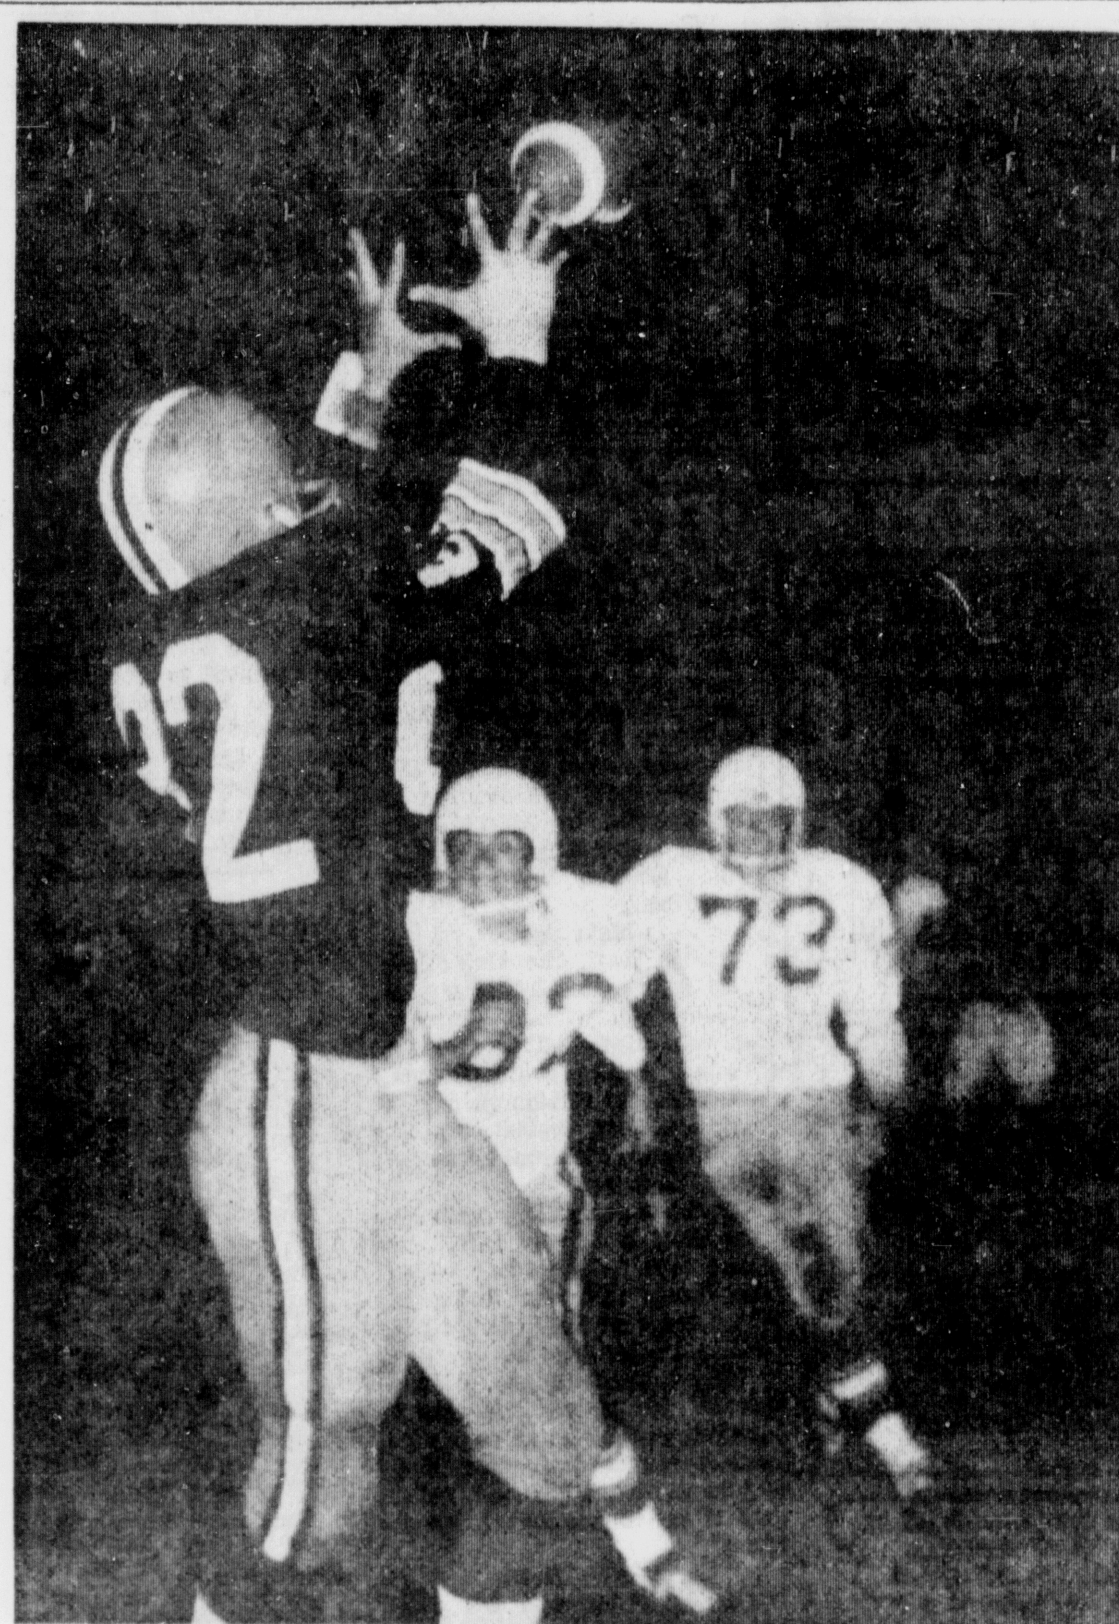

The scoring summary:

Powers 6 6 6 6-24
Rock 0 0 0 0-0

HN Booster Club

There will be a meeting of the Holy Name Booster Club on Thursday, Sept. 11, at 8 p.m. in the school library. Refreshments will be served after the meeting. Everyone is invited to attend, especially parents of new freshmen, to learn the work of the club.

TOUCHDOWN DRIVE — End Bob Thompson (82) of the Escanaba Eskymos reaches up for a pass at the Menominee 25-yard line with only 21 seconds remaining in the first half to help set up the Eskymos' first touchdown in the game. Two plays later, quarterback Tom Kangas hit Steve Rosemurgy in the end zone for the touchdown, giving the Eskymos a 9-0 lead at halftime. (Daily Press Photo)

Cuellar Wins 20th As Tigers Fall 8-4

DETROIT (AP) — The Baltimore Orioles' Mike Cuellar, hard to pronounce and harder to hit, staked out a claim today as the best "sore armed" pitcher in the American League after notching his 20th win, an 8-4 decision over the Detroit Tigers Friday night.

Cuellar, a big question in the Orioles spring training camp, shook off the effects of two early Tiger home run blasts and went the distance as the Orioles moved 14½ games ahead of second place Detroit in the AL's Eastern Division race.

"I knew this spring he was going to be good," said Orioles manager Earl Weaver in the Baltimore dressing room as newsmen crowded around to hear his assessment of Cuellar's performance.

Saul Returns To MSU Squad

EAST LANSING (AP) — Cocaptain Rich Saul, a 21-year-old linebacker, returned to workouts in pads Friday with the Michigan State football team after spending almost a year recovering from a knee injury.

But whether Saul, who stands 6-foot-3 and weighs 230, would be able to compete fully with the team remained a question.

Coach Duffy Daugherty said Saul, of Butler, Pa., ran well Friday but would be kept out of the Spartans' game-type scrimmage slated for today. Saul underwent surgery on his knee last fall after being injured in MSU's game against Ohio State.

Meanwhile, pass defenses — described earlier by coaches as the Spartans' major weakness — appeared to be tightening up considerably.

Cornerbacks Clifton Hardy, a senior from Chicago, Ind., and Harold Phillips, a junior from Detroit, each intercepted two passes in a morning workout and knocked away a number of attempted passes in the Friday afternoon practice.

Dartball League Opens Sept. 15

The Escanaba Tavern Dartball League will begin league play Monday, Sept. 15, at 8 p.m.

Drawings for the first week of play are as follows: Lombardi's at Eddy's, Waddy's at Palm, Colonial at Westside and Bay de Noc at Lark's.

League secretary Don Martineau announced that there are a few openings for players on some of the teams and anyone interested in playing dartball this winter is asked to call Martineau at 786-6930. Dartball is played one night a week on Monday evenings.

Weaver admitted he was a bit concerned when the Tigers, down 3-0 after an Orioles first inning outburst, bounced back to tie things up in the second on Don Wert's 13th homer, a three run shot, and when Al Kaline hit a solo homer, his 19th, in the Tiger third to make the score 5-4 for Baltimore.

Weaver, carefully refrained from any mention of the fact that the defending American League champion Tigers are getting close to mathematical elimination from the pennant race.

Praises Hurler

He had a couple of kind words for Tiger relief pitcher Bob Reed of Flint, Mich., who made his major league debut and kept the Orioles scoreless for three innings in relief. "The kid looked pretty good," said Weaver.

So far as pitching went, it was Cuellar's night and Weaver did not let anyone forget it. The slender Cuban pitcher (pronounced Quay-yarr) was pitching in Puerto Rican winter ball last year when Weaver checked him out and suggested that the Orioles buy him, despite reports Cuellar had arm trouble.

He shouted over to Cuellar, who was sitting at a locker two places away with a towel wrapped around him, "Mike, did you ever win here before?" "No, it was the first time for me," said Cuellar. Records showed he was even 2-2 with the Tigers for the season, having been beaten 4-1 in a rain shortened 4½ inning game on July 4 at Tiger Stadium.

Tributes Kaline

The soft-spoken Cuellar paid tribute to Al Kaline who tagged him for a home run shot into the right field stands. "He hit it real good," said Cuellar. Kaline described the home run pitch as a screwball that hung up a bit.

Weaver, assessing Cuellar's 20th win (against 10 losses) said "Don't you fellows write that he did it all with a screwball. He is a pretty talented guy and has a lot of pitches."

Cuellar got powerful batting support from the Orioles, who worked over tiger starter (and loser) Mike Kilkenny, 4-5, and four relief pitchers.

Dave Johnson drove in three runs in the opening inning with a two out double and he repeated the performance in the third as he again tagged Kilkenny for a two out double, driving in two more runs.

Big Fourth

The Orioles leading 5-4 tucked things away in a wild fourth inning. Cuellar tripled with one away and when Tiger outfielder Al Kaline's throw was a bit off target, Cuellar who had slid into third jumped up and dashed home without a throw to make it a 6-4 game on the score.

Tiger relief pitcher Fred Lasher got himself into more trouble as he hit Don Buford with a pitch. Buford scrambled to third when Tiger catcher Bill Freehan threw into centerfield in a futile effort to cut down Buford.

Paul Blair went down swinging but Frank Robinson connected for his 31st homer, a two run blast and the Orioles had their 8-4 lead which Cuellar guarded jealously the rest of the way.

Eskymos Defeat Maroons In Field Dedication Tilt

By MIKE UTT

"We made it a good night," said Escanaba Area High School football coach Jerry Cvengros to Rollie Collins after the game, and those words just about sum up the Eskymos' 22-8 victory over the Menominee Maroons in the first lighted football game played on the Escanaba Athletic Field.

Collins was the chairman of the Athletic Field Improvement Committee, the main force in the drive to give the Eskymos lights for their home games this season.

The Eskymos were not going to be denied and they showed their appreciation to the estimated crowd of 3,500 fans by stopping two Maroon touchdown drives short of the end zone during the first period of play and early in the second quarter.

Menominee's second drive started on the Escanaba 49-yard line and carried all the way to the one-yard line before Bruce Irving of the Eskymos fell on a Maroon fumble at the six.

Talking about the play after the game, Cvengros said, "You can talk about breaks, but we had Gary Brawley hitting their center for three straight plays before the bad snap on the fourth down play, which resulted in the fumble."

Brawley is the Eskymos' gigantic 6 foot 2 inch 220-pound tackle who turned in several outstanding plays on both offense and defense for the Eskymos in the game.

Cvengros felt the entire Eskymo team played extremely well in the game but couldn't say enough about the play of Brawley, Lynn Collins, Brawley's running mate at tackle, and linebacker Mike Dupont on defense.

Open Scoring

Escanaba opened the scoring in the game about midway through the second quarter when Tom Kangas split the uprights with a 26-yard field goal attempt, culminating a 43-yard drive in ten plays. The outstanding play in the drive was a 21-yard pass from Kangas to end Rick Jensen, who made a terrific one-handed catch at the 25-yard line.

Menominee missed a chance to score in the same drive when Sid Homa intercepted a Kangas pass at the 15-yard line and ran it all the way back for a touchdown, only to have it called back when the referees caught Homa guilty on an interference penalty.

With 21 seconds remaining in the half, Escanaba started another drive from the Menominee 28 yard line after recovering a fumble and ended it when Kangas found Steve Rosemurgy open in the end zone from 16 yards away and with only 3 seconds remaining on the clock, Kangas' extra point try was wide of the mark and the Eskymos carried a 9-0 lead into the dressing room at halftime.

61-Yard Drive

Escanaba scored again at the 7:31 mark of the third quarter after taking the second half kickoff and marching downfield from their own 39-yard line in

ten plays. Rick Brookes got credit for the touchdown when he bolted over the end line from 17 yards out. Kangas kicked the extra point to give the Eskymos a 16-0 advantage. Brookes carried six times in the drive and picked up 33 yards.

The Eskymos got on the scoreboard again at the 3:19 mark of the period after Mike Dupont intercepted a Maroon pass on the 27-yard line and wound up scoring the touchdown six plays later from six yards out. Kangas missed the mark on the extra point try and the Eskymos now led 22-0.

Maroons Score

Cvengros inserted his reserves into the lineup for the fourth quarter and the Maroons launched a touchdown drive late in the period which covered 85 yards in ten plays, ending when Bob Theuerkauf toted the ball into the end zone from five yards out. The Maroons picked up four first downs in the drive and the big play came when Gary Enstrom rambled for 28 yards to put the ball on the Escanaba 43-yard line.

Homa ran for the extra point, giving the Maroons a two-point conversion and a 22-8 difference in the score.

Cvengros credited the quick-charging Eskymo offensive line for the victory and the fine play of Kangas, who had to step into the quarterbacking job after Bob Gauthier, the Eskymos' regular signal caller, was unable to play because of illness.

Kangas Sparkles

Kangas, a junior, completed five of nine passing attempts for 62 yards in the game and led the Eskymos to 203 total yards in the game. Brookes, another junior, led the Eskymos in the rushing department with

58 yards in 13 carries while senior wingback Brian Larson chipped in with 35 yards in ten rushing attempts.

Another Eskymo who played a key role in the victory was punter Bob Thompson, who boomed three kicks for 40, 45 and 51 yards and kept the Maroons deep in their own territory after his punts.

The victory enabled the Eskymos to run their unbeaten string to 22 games and put their season record at two victories and no defeats.

The scoring summary:

Esky — Kangas 26-yd. FG
Esky — Rosemurgy 16-yd. pass from Kangas (kick wide)
Esky — Brookes 17-yd. run (Kangas kick)
Esky — Dupont 6-yd. run (kick wide)

Iverson, Gardiner Win Feature Races

NORWAY — The curtain closed on the stock car racing program for 1969 last night at the Dickinson County Fairgrounds.

Action was fast and furious, with drivers racing for double points. Bob Iverson of Hyde captured the 40-lap modified feature and Duke Gardiner of Escanaba took home the checkered flag in the 30-lap sportsman feature.

In the modified feature, Don Benoit of Escanaba and Jim Peterson of Kingsford took turns in first in the early part of the race, but on the 13th lap, Iverson moved into first place and clinched his position as the number one driver on the Norway track.

Crowd-pleasing Wally Jors of Fond Du Lac, Wis., picked up second placing and Peterson had to settle for third. The smooth driving Jors also captured second heat honors, taking the lead on the fourth lap and was never challenged. Art Rupert of Escanaba was a distant second and Gene Coleman of Menominee was third.

First heat honors went to veteran Allen Yelle of Gwinn, who edged Benoit at the finish line.

Art Richer of Schaffer again pushed his modified to the top with a :19.17 clocking.

Gardiner took home the major share of honors in sportsman action, winning the 30-lap feature and the time trials. Gardiner moved quickly

through the pack in the feature and by the fourth lap was running in first. From there on, he kept his car in the groove and was never seriously challenged. Joe Haferkorn of Norway was second and Hoppy Mott of Norway was third.

Duane Freeman of Kingsford took the sportsman semi-feature and was followed to the finish line by Jim Pientkevicz and Floyd Schoen of Hermansville.

Hoppy Mott took home the checkered flag in the second heat, Bob Fayes of Kingsford won the third and Al Bilski of Norway won the first.

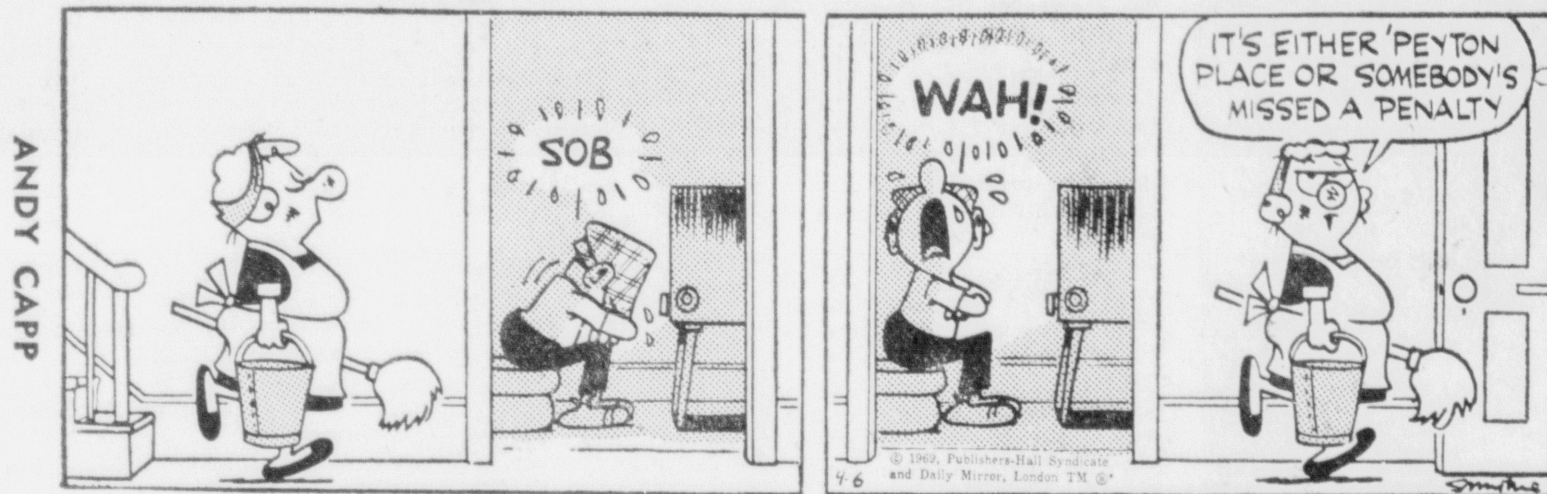

Gardiner's winning time in the time trials was :21.82.

Racing action continues tonight at the fairgrounds in Escanaba and if enough lady drivers can be found, there will be a women's modified powder-puff, plus double points, a 40-lap modified feature and a 30-lap sportsman feature. This will be the last regular season race before the all-modified race featuring the top drivers from the Milwaukee area.

Highlights from the world of Sports of a decade ago ... Do you remember?

First Week

Menke's Homer Upends Giants

By The Associated Press
With one shot Denis Menke sank the San Francisco Giants and almost sent his Houston Astros' teammate Larry Dierker soaring through the roof.

Menke's two-run home run in the ninth inning stopped the Giants and Gaylord Perry 2-0 Friday night, while the roof in the Astros' dugout stopped Dierker.

In other National League games, Los Angeles and Cincinnati remained 1 1/2 games behind the Giants in the West Division. The Dodgers lost 4-1 at San Diego while Cincinnati dropped an 11-2 decision to Atlanta. The Braves are two games behind, while Houston is fifth, 4 1/2 games back.

Mets Split

In the East, the New York Mets split a doubleheader with Philadelphia, winning the first 5-1, then losing 4-2 to move to within 4 1/2 games of Chicago, which lost to Pittsburgh in the only afternoon contest, 9-2. St. Louis nipped Montreal 1-0 in the other NL game.

Menke slammed his ninth homer after a one-out single by Doug Rader. The clout ended the Giants' winning string at three and sent Perry to his 12th defeat. He has won 16.

"He (Perry) made a bad pitch," Menke said. It was a fastball, belt high and on the inside. I was just trying to pull it. I just wanted a base hit but I got it up in the air. I hit it good."

Cracks Head

Dierker, who won his 18th game, cracked his head pretty good, too.

"I was so excited when Denis hit the ball," the fireballing right-hander said, "I jumped up and hit my head on the dugout roof."

Dierker didn't get excited during the rest of the contest, calmly allowing just four hits and one walk while striking out nine. Joe Niekro scattered 10 hits and Nate Colbert hit his 18th homer of the year, a two-run blast, as the Padres whipped the Dodgers for the second straight night.

Davis Hits Again

Willie Davis, whose consecutive game hitting streak was stopped at 31 by the Padres Thursday, got four straight hits and scored the lone Dodger run on a single by Bill Sudakis.

Atlanta's knuckleballer Phil Niekro limited the Reds to one hit-Tony Perez' two-run homer in the first inning-in gaining his 19th victory. Niekro, who has lost 12, faced only 30 batters. He walked one and struck out 10. He retired 21 in a row before Woody Woodward reached on an error in the eighth.

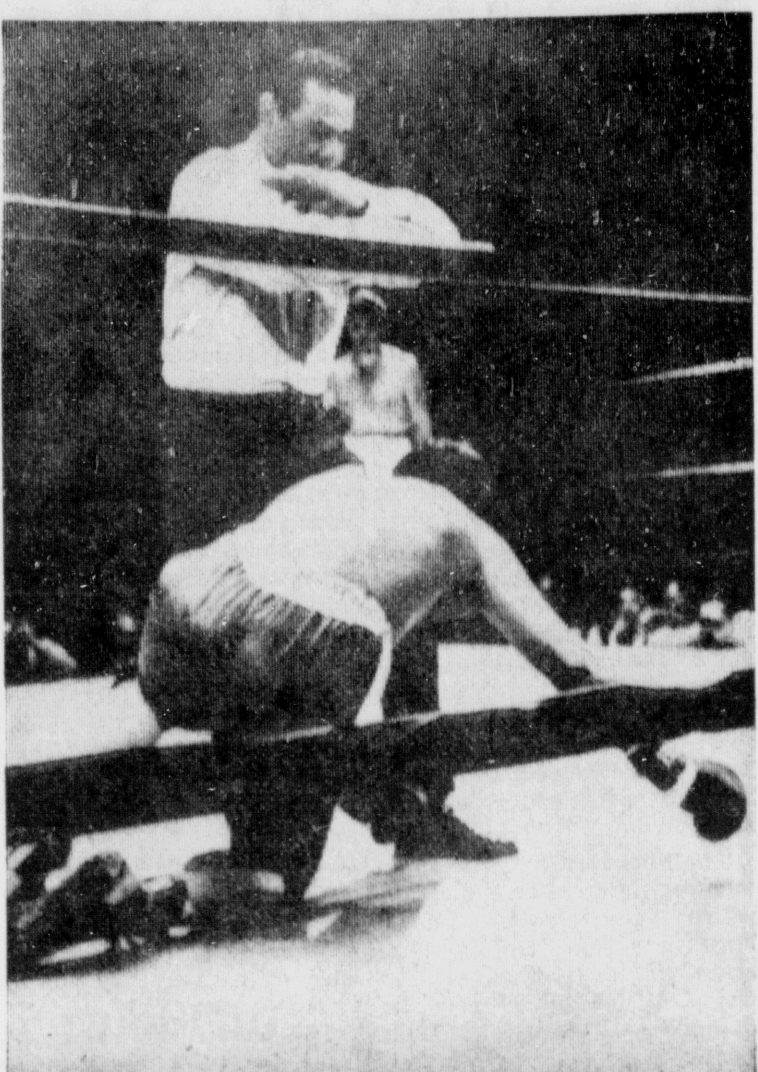

Makes History

Tom Seaver became the first 20-game winner in the history of the Mets in pitching New York to the first game triumph, Seaver, 20-7, also became the NL's first 20-game winner. Jerry Grote had a two-run homer for the Mets.

Rick Wise, 12-11, stopped the Mets in the second game, scattering eight hits and striking out 11 as Johnny Callison led the Phils attack with a single, double and sacrifice fly. Jim McAndrew, 6-6, took the loss.

LONDON OUT—Jerry Quarry of Bellflower, Calif., watches from his corner in the background as referee Rudy Ortega counts out Brian London of England in the second round of their scheduled 10-round battle Wednesday night in Oakland, Calif. Quarry sent London down earlier in the round, and the bell sounded to end the round, but officials ruled it still had a minute left. That's when Quarry finished off London with the knockout. Athletics Trip Twins In Eighth

By The Associated Press
The Oakland Athletics have used Minnesota pitcher Ron Perranoski's glove to show the Twins they aren't going to hand them the pennant in the American League West.

The A's were trailing the first-place Twins 4-2 after seven innings Friday night and were in danger of dropping 8 1/2 games off the pace.

Then Oakland rallied for two runs in the eighth and had men on first and third and two out. Bert Campaneris then slashed a Perranoski pitch on the ground near the mound. The pitcher got his glove on it but couldn't handle it, and it went for a game-winning single in the 5-4 triumph.

Indians Split

Baltimore bounced Detroit 8-4, Boston outlasted Washington 9-8, Cleveland edged New York 2-1 before the Yankees came back to win 2-0. California topped the Chicago White Sox 3-1 and Seattle downed Kansas City 5-4 in other AL games.

Oakland built an early 2-0 lead when Cater singled home Dick Green, who had doubled, and Tito Francona homered. The the Twins, who won the opener of the four-game series Thursday in their bid to put their lead out of the A's reach, came back to take a 4-2 lead.

A's Rally

In their eighth-inning bid to stay in the race, the A's got their leadoff man on when Sal

Bando was hit by a Dean Chance pitch. Perranoski then relieved and walked Francona. A throwing error by shortstop Cardenas after a force at second brought in the first run, and the A's tied it on Tom Reynolds' pinch single. Cardenas then won it.

Boston fought back from a 7-0 deficit to go ahead 8-7 on Rico Petrocelli's 35th homer with two on in the seventh, then won it with an error and three walks, the last one forcing in a run, after Washington had tied it in the top of the ninth.

Dick Bosman, who had won five straight, limited Boston to two hits for four innings before the Red Sox started their comeback with four runs in the fifth, two on Carl Yastrzemski's double.

Wins Duel

In the first game at Cleveland, the Indians' Sam McDowell, 16-12, outduelled New York's Mel Stottlemyre, 18-12, with Jose Cardenas' bounce single in the ninth producing the winning run.

In the nightcap, the Yankees' Frank Fernandez, who drove in the only New York run in the opener, hit a seventh-inning homer and it was all Fritz Peterson, 15-13, needed as he fired a two-hitter. The Yanks added an insurance run in the eighth.

California got by Chicago on Jay Johnstone's two-run homer and an RBI single by Bill Voss. Danny Walton and Greg Goossen hit consecutive homers in the third, and then with Seattle trailing 4-3 in the eighth, Walton tied the game with a sacrifice fly and Goossen won it with a run-scoring single.

Kennedy Charges ABA In Effort To Force Merger Of Two Leagues

By The Associated Press
Commissioner Walter Kennedy of the National Basketball Association charged today that the rival American Basketball Association was raiding college players in an effort to harass the NBA into agreeing to a merger of the two leagues.

"This harassment on the part of the ABA won't work," Kennedy said. "The resumption of any merger talks at this time would be very difficult."

Kennedy described the signing of Detroit University star Spencer Haywood with the Denver Rockets of the ABA as deplorable and was just as angry about reports that ABA clubs had approached at least two other college players who, like Haywood, have not yet graduated.

"For many years, pro football and basketball clubs have religiously and with great integrity adhered to the policy of not drafting college players until their class is graduated," Kennedy said.

Kennedy placed much of the blame on James Gardner, president of the ABA and owner of the Carolina Cougars.

"It's unfortunate that a man who has been in pro sports for only six months and who owns a team that has not even played a game would allow this sort of thing to happen," he said, adding:

"Mr. Gardner is behaving like a bull in a china shop, scattering the pieces wherever he goes."

Gardner could not be reached for comment.

Kennedy said he has had calls from a number of coaches who were worried that the NBA might get into the act.

"I responded with a flat affirmative no," he said.

Two coaches, Johnny Dee of Notre Dame and Adolph Rupp of Kentucky, have already publicly denounced the ABA action. Tennessee Coach Ray Mears also expressed concern. Dee said he would ask the College Basketball Coaches Association to bar ABA personnel from collegiate games, locker rooms and practices. Rupp demanded a hands-off policy and a commitment from both leagues that no college player would be drafted until after he graduates.

"Any coach with a big man on his squad should be concerned right now from what I hear," Mears said. "I understand the pros are trying to get top college players by telling them they can get a good bonus now but would not get such a big amount if the two leagues merge."

It was reported Friday that ABA clubs had offered contracts to Calvin Murphy, All-America from Niagara University, and Bob Lanier of St. Bonaventure. Both are beginning their senior year this month.

There were rumors Murphy had been contacted by the Los Angeles Stars.

Murphy told Niagara Coach Frank Layden he would not sign. Lanier's father said a New York lawyer had contacted his son about an ABA offer.

"There was something about a \$500,000 contract," the elder

Seger

In loving memory of our dear father and grandfather, Fred H. Seger, who passed away 3 years ago, Sept. 7, 1966.

He lived no one a last farewell He said goodbye to me. Every day we sadly miss him. His loving heart had ceased to beat. Before we knew it, he was gone. Every day we sadly miss him. Deeply we feel our loss. Lonely we are without him. Help us, God, to bear our cross.

Harris

In loving memory of our dear son, Albert Dennis, who died one year ago today, Sept. 6, 1968:

Our little boy was crossing the street. Innocent, young and fair. He hadn't the judgment of other boys. He didn't see danger there. Our little boy had a song on his lips. But he died in an instant away. For a motorist ran our little boy down. And he died at the close of the day. We kneel by his empty bed. And fondle his little shoe. We sit and look through the empty room. Suppose this were you? Will you not watch for the little boys? Drivers in city and town. Really it's one of the greatest crimes. To run a little boy down.

Attend the Church of Your Choice

Sometimes a mother wonders what makes a boy's mind work. Even when boys still seem like babies, they have a preoccupation with tools and a desire to "make" something that goes beyond their actual years. This is an urge that should never be "squelched." Out of such beginnings come great inventions, machine marvels, electronic wonders and all the rest.

Then, allow your child to explore and experiment, even if what he is creating doesn't have any significance to you. Let him expand his horizons in every direction. He was, after all, meant to explore three worlds: the physical, the mental and the spiritual. Don't stint on any of them. Be sure he gets a good start in every area. If your son isn't going to church school and to church services with you, why not start now?
